- No prompt: program will use Standard UOM, field will be display only.
- Use Default: This prompt will pre-fill with the item’s Standard UOM.
- Prompt with no default: the program will stop at the UOM prompt and be empty.

UOM Prompt <input type="text" value="Use Default - No Prompt"/>
<input type="text" value="Use Default - No Prompt"/>
<input type="text" value="Use Default - Prompt For Changes"/>
<input type="text" value="Prompt With No Default"/>

For more information about:

- [Lookups screens](#) - Explains the various lookups within Warehouse 100 for iOS and Android.
- [Send Button in all applications](#) – Explains the Send data to Sage process.
- [Review User Manual](#) – Covers ‘Review’ mode which is accessible in all Applications.

Main Applications – Transfers icon

Press the Receiving icon to move into the next screen.

Buttons

Status: to check if you have sent all data collected to Sage.

Send: to send all data collected in all applications.

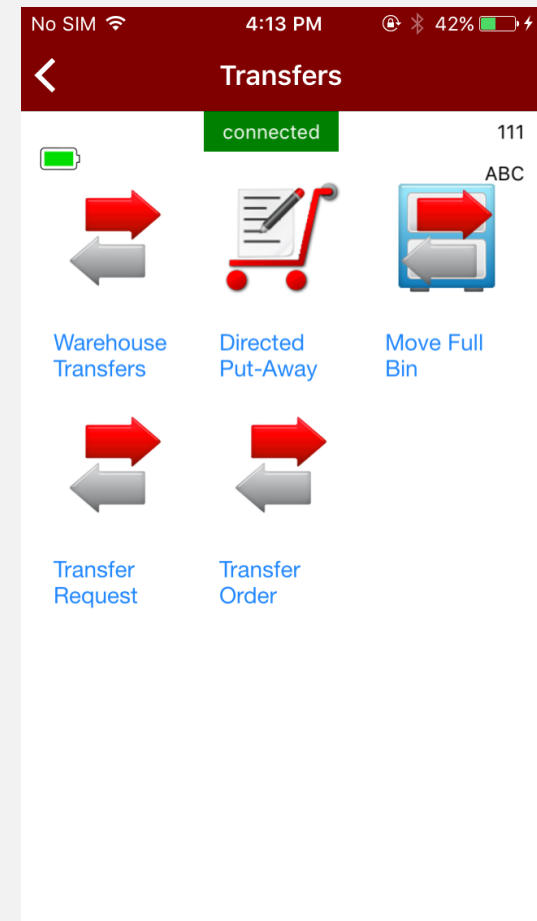

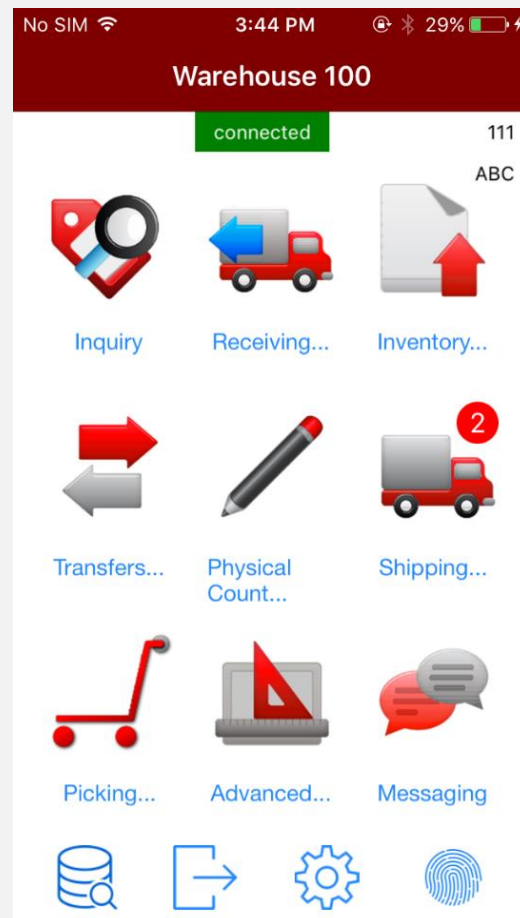

Setting: to adjust settings.

Logout: to change users or companies.

Warehouse Transfers icon

Press the Warehouse Transfers icon to perform Warehouse to Warehouse and Bin to Bin transfers.

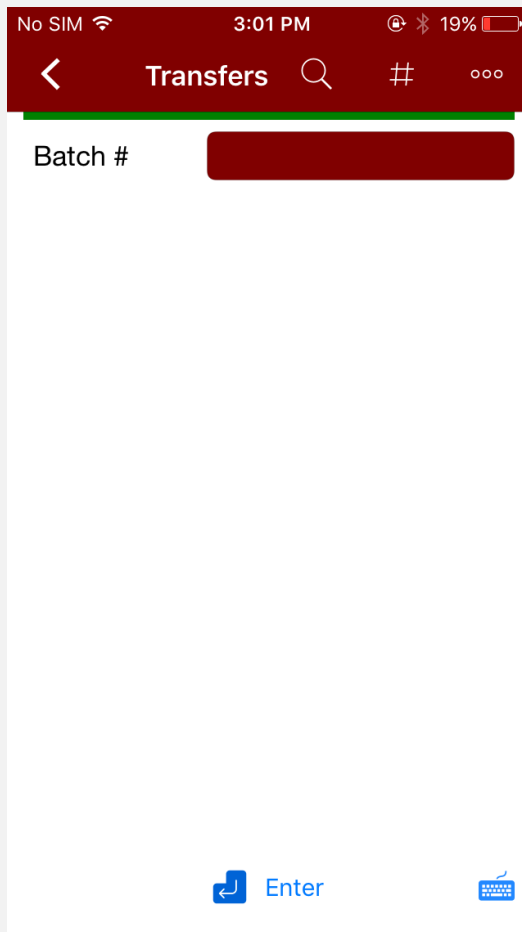

Batch number prompt - Optional

The batch prompt allows entry of up to 5 alphanumeric characters.

Examples: A12, 12345

Batch lookup, shown at right,

Shows all available Receiving Batches within Sage Purchase Order module.

Buttons:

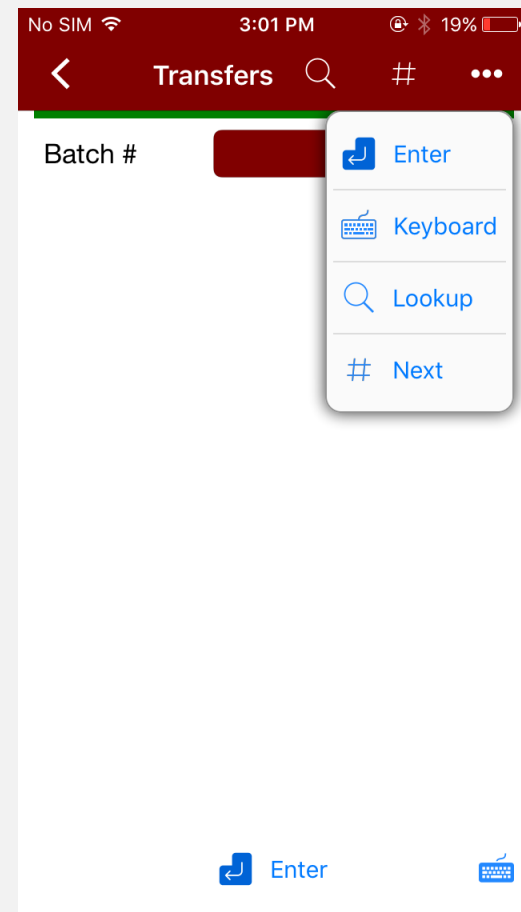

Back: at top left, to move back to Main Applications screen.

Enter: press after keying in data at Batch prompt.

Keyboard: for on-screen keyboard.

Lookup: for seeing all available Batch number in use in Sage.

Next: for next batch number.

Warehouse Prompts

Scan or Key in any valid warehouse code, or use lookup button to select one from a list.

The 'Warehouse from' prompt will pre-fill with your default warehouse that is setup in the Scanco portal.

You may key in another Warehouse if necessary.

Default Warehouse
000 - ABC CENTRAL WAREHOUSE ▾

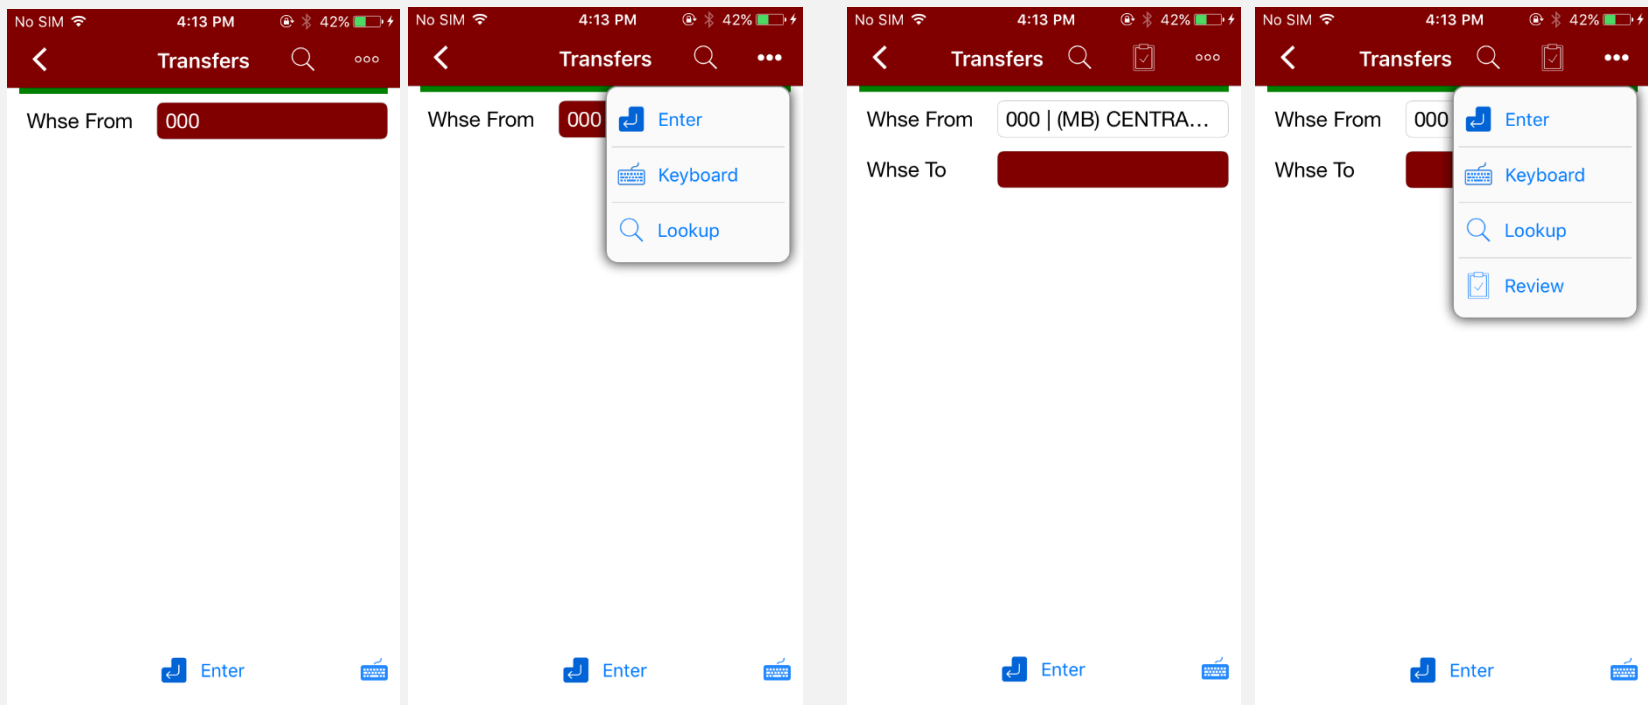

Buttons:

Back: at top left, to move back to Main Applications screen.

Enter: press after keying in data at Warehouse prompt.

Keyboard: for on-screen keyboard.

Lookup: for seeing all available Warehouses accessible for use.

Item Entry Prompt

Scan, key in or lookup Items codes.

NOTE: The Item prompt + Item Lookup will filter Items to be displayed.

If you enter a few characters of the Item you wish to lookup, Example:

entering 665 and pressing the Lookup button + only Items that contain the characters '665' would display.

Pallet Prompt

If your company has ACS License Plating, you can transfer items off of a pallet as long as the from and to warehouse codes are the same.

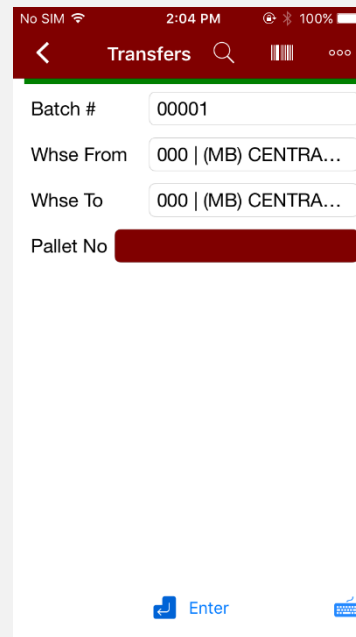

At the item prompt, press the Pallet button.

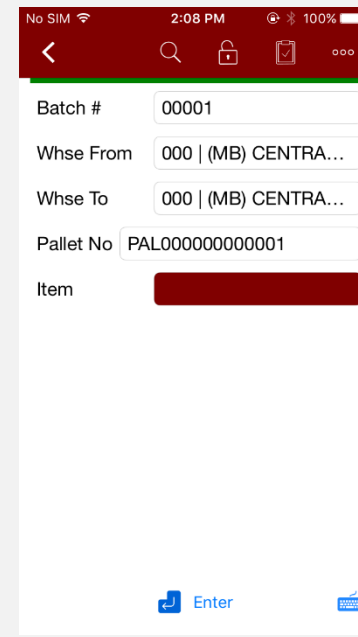

Confirm you are transferring items from a pallet by pressing Yes.

Enter the Pallet ID. Lookup is provided. You can go back to Item collection by pressing the Item button.

Enter the item to be removed from the pallet. Lookup provided.

Enter the bin location for where the item will be placed. Lookup provided.

Collection for Lots and/or Serials may be required. Lookup provided.

Enter the quantity for your transfer and press enter button.

Confirm that the data collected is correct by pressing Yes button and the transfer for you item will be processed.

Bin Prompts

If your company has Multi-bin, then the bin collection prompts are required.

For Standard Sage non-multi-bin companies, the Bin field will be a display only field.

Buttons:

Back: at top left, to move back to Main Applications screen.

Keyboard: for on-screen keyboard.

Enter: press after keying in data at Bin prompt.

Lookup: for seeing all available Bin.

Quantity Prompt

Scan or key in positive numeric quantity at the quantity prompt.

Two side-by-side screenshots of the 'Transfers' app interface. The left screenshot shows a transfer form for item 'HON 2 DRAWER LETTER FILE W/...' with a quantity prompt of 1. The right screenshot shows a transfer form for item 'UNIVERSAL 5 1/4" SSDD FLEX...' with a quantity prompt of 165. A pop-up menu is overlaid on the right screenshot, showing 'Enter' and 'Keyboard' options.

Buttons:

Back: at top left, to move back to Main Applications screen.

Keyboard: for on-screen keyboard.

Enter: press after keying in data at Quantity prompt.

NOTE: Transferring pass quantity on hand is not allowed in our Standard product.

Screenshot of the 'Transfers' app interface showing an 'Over Transfer' error message. The message states: "You are trying to transfer 3 items, but there are only 1 items available in A20M. You may not transfer more items than are available." The 'Quantity' field is highlighted in red and contains the value 3.
